Reviews

This composed publication is fantastic. I was able to comprehend everything using this composed e book. It is extremely difficult to leave it before concluding, once you begin to read the book.

TRAITE DES DROITS DUSUFRUIT, DUSAGE, DHABITATION, ET DE SUPERFICIE (3)

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 80 pages. Original publisher: Washington, DC : U. S. Dept. of Transportation, Federal Motor Carrier Safety Administration, Office of Analysis, Research and Technology, 2010 OCLC Number: (OCoLC)726853543 Subject: Distracted driving -- United States. Excerpt: . . . Odds Ratios for Fleet Cell Phone Policy and State Cell Phone Law Odds ratios were calculated to approximate the effectiveness of a fleet cell phone policy or a State cell phone law prohibiting cell phone use while driving. These odds ratio did not look at safety-critical events, but rather evaluated the odds of cell phone usage given a fleet cell phone policy or State cell phone law versus the odds of cell phone usage given no fleet cell phone policy or State cell phone law. Table 4 shows the odds ratios for cell phone use while driving in each cell phone policy variable in the entire 365 days (i. e. , data set A data set B) for all safety-critical events and baseline events. As noted, crashes in data set A were not included in this analysis as the vendor did not re-review these crashes. As shown in Table 4, for truck and bus drivers the odds of using a cell phone while driving under a fleet cell phone policy were. 83 times less, compared to no fleet cell phone policy. However, the State cell phone law did not significantly impact drivers likelihood in using their cell phone while driving compared to a State that did not have a law prohibiting cell phone use (odds ratio 0. 97). Table 4. Odds ratios for cell phone use while driving in each cell phone policy variable in the 365 day data set (safety-critical events). Frequency of Frequency...
