### ***Reviews***

*It is one of the most popular publication. We have read through and that i am sure that i will likely to study again once more later on. I am just delighted to tell you that this is actually the finest publication we have read through in my individual existence and might be the best pdf for actually.*

## THE LEGAL COMPANION

Pavilion Books. Hardback. Book Condition: new. BRAND NEW, The Legal Companion, Vincent Powell, The law touches everyone and even the average, law-abiding citizen is catered for in this unique book. From Lawmakers to lawbreakers, The Legal Companion offers a view of the oddities, quirks, origins and stories behind the legal world. Starting, quite literally at the Beginning, (as we learn how The Ten Commandments were later revised by God on the second draft) the book ranges from the serious (how fingerprinting began) to the bizarre (why the skeleton of Jeremy Bentham votes at University College London meetings); the informative (why Judges have a notch on top of their wigs) to the completely ridiculous (why priests marked the legal boundary of their parish by hanging children upside down and banging their heads against stone markers), the Legal Companion takes the reader through a legal minefield of notes, quotes, facts and stats. But The Legal Companion doesn't just contain fascinating snippets of information, it also offers extracts from the finest writing about the law over the centuries and in modern times. Charles Dickens shares a cell with J.G. Ballard, while Herman Melville and Franz Kafka stand in the dock with William Burroughs and Hunter S. Thompson. And like all the other books in the Companion series, there's a magnificent piece of statistical trivia to match each page number. The market for this book is huge: there are an enormous number of legal professionals working in the UK, over 60,000 solicitors and 10,000 barristers regulated by the Law Society in England and Wales alone. The study of law is increasingly popular with around 10,000 law graduates every year with law taught in 89 universities and 36 other institutions. And while professionals and students will be interested in the mixture of fact and fun...
