RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 106 pages. Original publisher: Atlanta, Ga. : Cultural Resources Division, Southeast Regional Office, National Park Service, 2008 OCLC Number: (OCoLC)424596388 Subject: Historic buildings -- Florida -- Canaveral, Cape (Cape). Excerpt: . . . Chapter Two: Climatic Change: Rising Water Levels and Prehistoric Human Occupation, ca. 12, 000 BCE-ca. 1500 CE The site of today's beaches at Canaveral National During the 12, 000 or more years of human occupation of Florida, humans, animals, and plants have miles inland during periods of lowest sea level. With adjusted to changing environmental conditions water tables much lower, freshwater lay much resulting from climatic fluctuations. As the environment farther below the surface than today and water was environment changed, many areas experienced larger more scarce. Probably many of the sites occupied by population levels. These people developed new survival humans during this Paleoindian Period ( ca. 12, 000 vival and economic pursuits in response to their BCE to 7500 BCE ) are today inundated because of environment. The Seashore is located where even the higher levels of the ocean, limiting our access to minimal change...

### Reviews

*This ebook will not be simple to start on reading but very fun to learn. It generally is not going to expense too much. I am very happy to explain how this is the finest book i have read in my very own existence and can be the finest pdf for at any time.*

-- **Lavada Cruickshank**

*Just no terms to describe. This is for those who state that there was not a worth studying. I am just easily can get a enjoyment of studying a written ebook.*
