

More Urban, Less Poor: An Introduction to Urban Development and Management (Paperback)

Filesize: 4.33 MB

Reviews

The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).

(Kaya Rippin)

Taylor Francis Ltd, United Kingdom, 2006. Paperback. Book Condition: New. 239 x 168 mm. Language: English . Brand New Book ***** Print on Demand *****.A world more urban.The world is undergoing massive urbanization, and is projected to increase from three to over four billion city dwellers, mostly in the developing world, within 15 years. This historic shift is producing dramatic effects on human well-being and the environment.but less poor Unplanned shanty-towns without basic services are not an inevitable consequence of urbanization and slums are not explained by poverty alone. Urban misery also stems from misguided policies, inappropriate legal frameworks, dysfunctional markets, poor governance, and not least, lack of political will. Urbanization and economic development go hand-in-hand and the productivity of the urban economy can and should benefit everyone. Living conditions for the urban poor can be dramatically improved with proper solutions, backed by decisive, concerted action. More Urban - Less Poor brings order to the complex and important field of urban development in developing and transitional countries. Written in an accessible style, the book examines how cities grow, their economic development, urban poverty, housing and environmental problems. It also examines how to face these challenges through governance and management of urban growth, the finance and delivery of services, and finding a role for development cooperation. This is essential reading for development professionals, researchers, students and others working on any facet of urban development and management in our rapidly urbanizing world. Published with SIDA.
