*The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Excerpt: . opposing the blade of an adversary, the strength decreases in proportion as it approaches the point, and vice versa, it increases from the point downward. The Forte ought always to gain the Foible of the opponent s weapon, and the Cuts should be given within 8 inches of the point, that the Sword may clear itself. The Sword should be held flexible and easy in the hand, but yet sufficiently firm to resist the Cut of an adversary, and to give a Cut or Thrust with proper force and precision. The middle knuckles are to be in the direction of the edge in all Cuts and Guards; and the grip of the handle should be held by the thumb and fingers around it.
