Brand New Book ***** Print on Demand *****.This publication, Army Techniques Publication ATP 3-34.80 Geospatial Engineering June 2014, provides doctrine for geospatial engineering operations at all echelons. It is an extension of FM 3-34 and is linked to joint and other Army doctrine to ensure its usefulness for operational level commanders and staff. This manual serves as a guide for the integration of geospatial engineering in support of unified land operations at all echelons, with added focus on describing geospatial engineering within divisions and brigades. The principal audience for ATP 3-34.80 is engineer commanders and staff officers, but all Army leaders will benefit from reading it. Trainers, combat developers, and educators throughout the Army will also use this manual. This manual will help other Army branch schools in teaching the integration of geospatial engineering capabilities into Army operations. This manual describes the application of geospatial engineering in support of Army forces conducting unified land operations. It also acknowledges that Army doctrine remains dynamic-balancing current capabilities and situations with projected requirements for future operations. As geospatial engineer capabilities continue to improve through organizational changes, technological advancements,...
