When her parents decide to buy a new house in the country, the last thing Olivia expects is that its garden will contain a hidden doorway into another world, but on an ordinary afternoon, while exploring an old summer house, she suddenly finds herself standing in a dark, cold forest. All around her the air is still and dead. Stretching before her is a forbidding lake. In its centre stands an island, from which a sad lament can be heard. Unwittingly, Olivia has been pulled into the Woodland, a magical world of wood gnomes, elves, dwarves, water sprites - and the evil Sorcerer who is threatening their existence. Before long, Olivia faces an unwelcome choice as she realises that she - along with three other children who found the Woodland years earlier - hold the key to the Woodlands very survival. Aided by the ancient good magic of the Woodland, which has awoken from centuries of slumber, Olivia and her friends come face to face with some of the Sorcerers most deadly servants. As their adventures reach a climax, the children find themselves facing questions that go beyond mere physical courage. The Sorcerers Mirror is the story of four children and a desperate race against time to save the gentle folk of the Woodland from certain doom - a quest fraught with peril, but one that is essential for the survival of their world, as well as our own.
