Wildcats of Finance: Lowdown on Hedge Funds and Suchlike for Investors and Policymakers (Paperback)

By Assistant Professor of Mechanical Engineering Steven H Kim

Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Wildcat groups such as hedge funds have played a growing role in causing or aggravating blowups in the capital markets as well as the banking system. One crackup was the crisis of 2008, which ended up crippling the financial system and the real economy. The bombshell obliterated trillions of dollars from each of the major stock markets of the world, destroyed millions of jobs in sizable countries, and nixed trillions of dollars by way of lost output in the global economy. This guidebook exposes the reality behind the illusion of profits in the hedge fund game. In plain language, the primer explains knotty issues like the following. Why does the true performance of the wildcats remain hidden from view of the investing public? How can the operators enrich themselves by delivering worse results to their customers? Why do the outfits destroy wealth? How do the punters slash the returns and hoist the risk for their clients as well as the financial community and the entire society? Why will the crash of 2008 and the global recession in its...
